

# INVESTIGATION FAILS TO SUBSTANTIATE CHARGE

**ALLEGED MISMANAGEMENT OF  
THE COUNTY FARM IS GEAT-  
LY EXAGGERATED.**

## REHASH OF INVESTIGATION

Complain Signed By Inmates That  
Have Been Disciplined Has Cause-  
ed Considerable Talk With-  
out Any Foundation  
of Facts.

Disgratified inmates of the county poor farm, men who have been disciplined for breach of rules and regulations, men who perhaps fear that the recommendations of the state board of control, that recently investigated the alleged conditions at the farm, might establish the fact of a county work house, have stirred up considerable trouble for Superintendent Barless and his assistants in a communication published in the morning paper.

The complaint intimates that the management of the farm both by Mr. Barless and his wife, have instances and alleged facts to substantiate the story. Believing that there was a serious misunderstanding relative to the facts the Gazette this morning sent a reporter to the county farm, without notifying Mr. Barless or his wife, who talked with the inmates, investigated the food conditions and learned facts which tended to show that the whole trouble was at the instigation of a few disgruntled inmates who live in idleness and create trouble for the superintendent.

Meanwhile Mr. Barless gave out the following statement as to the facts at issue and also told the men were who had signed the letter of complaint which was published in the Recorder. His statement is in brief and to the point. It is a position of one of trust to the people of Rock county and those who know him feel certain the stories have been greatly exaggerated.

Referring to the communication published in the Recorder this morning Mr. Barless said: "It is only in justice to my many friends and upon their insistence that I say something, that I am willing to take any notice of the communication signed by certain inmates of the county poor farm which criticizes the order and discipline of the institution."

"The letter purporting to be a complaint as to the farm and charging gross mismanagement is simply a rehash of the investigation made by members of the state board of control who visited the institution several weeks ago. I must be judge of the qualifications of the attendants and not the inmates."

"With reference to Macdonald, whose complaint the state board of control investigated, I will state that the position he well qualified for the position he holds and as the matter of retaining him or discharging him, was left in my hands I have retained him. In fact, I was advised to do so by the President of the board of trustees, T. E. Langworthy."

"As to the reference to locking up the men on bread and water two of the signers of the complaint, Larry Sullivan and William Yungst, had been shut in a room which has iron bars over the window as a matter of discipline."

"These men left the farm without permission on Saturday morning and before eleven we were phoned to by the Janesville police to come for Sullivan, who was drunk. We picked Yungst up and took him back. When they were brought back to the farm they were shut in this room until Monday morning."

"Robert Smith, another signer of the letter, I did threaten with the room unless he ceased stirring up trouble over his two companions."

"Smith, who appears to be at the bottom of the whole complaint, stated in the fact that he found it more comfortable for him at the institution than at his son's farm. When he reached the poor house last fall he was so drunk he had to be helped into the house."

"Another of the signers is Robert Livingston, who has been at the farm several years and has a mania for running away from officers from the farm house to go after him in other county's institution."

"The other signers are: George Hannay, who is an able bodied man who is spending the winter at the poor farm. Both he and George Cotter, another signer, are drunkards. Cotter has lost a leg however. John Callahan is a patient of the county hospital, works at the crusher plant in Janesville during the summer and spends his winters at the farm after he has drunk up his earnings. Steve Camit has been an inmate off and on for twenty years. He is a painter by trade and a hard drinker."

"John Norris is a cook. He has been there for twenty years or more, I believe, moved here with the institution when it came to its present location from Johnston. William H. Gowing is blind and has been an inmate of the asylum and is a veteran soldier."

"Mike Joyce, is from Johnston and doctors say if he would work it would do him good. He is a chronic fault finder. William Yungst has drunk up his earnings and is at the poor house really simple minded."

"John Driscoll has drunk up his earnings and claims Rock County owes him a living and is going to have it. He will work for a few weeks and take his money to use for liquor and then come back to the farm to live in idleness."

"Larry Sullivan is an able bodied man who has twice served terms in state prison as a habitual drunkard and is now at the farm, sent there by order of Judge Ross of the Deloit court, for the same offense."

"David West is old and almost helpless and W. S. Alexander is also helpless and I am confident that neither knew what they were signing. These are the men who signed the

## EXPECTS GOVERNOR WILL PARDON HIM

Edgar Stripling, "Jean Val Jean of 1911," Gives Reasons For His Belief, to United Press.

[BY UNITED PRESS.]

Columbus, Ga., April 11.—The latest "Jean Val Jean" on record, Thomas Edgar Stripling, now held in jail here for slaying a man who attacked him for slaying a man who attacked him, is recognized as a "social criminal."

Robert Smith, the inmate who alleges that the food is served in a poor manner and that they do not get enough to eat still maintains that his accusations are true and that Mr. Barless and Mrs. Barless both have treated him in a cruel and inhuman manner and that he has been the subject of abuse by Mrs. Barless in particular.

"The offense as proof of his statements, the word of William Gowing, a blind inmate, who with him claims that what he says is true."

To sum up the trip of this morning to the institution, it was found that there was not only food enough, but that the quality was of the best and the product of the nearest and most cleanly kept kitchen. Further than that the great majority of the inmates have nothing but praise for the way in which the institution has been conducted by Mr. Barless and the complaints come from but one or two, these not numbering among those that might be known as deserving poor."

Again the personality of Mrs. Barless and the esteem in which she is held by the majority of the inmates discredits any assertions, which are unsupported, to the effect that she has been guilty of gross abuse and mistreatment of certain of the men inmates."

## VETERAN OF NAVY TO BE DESTROYED

Board of Survey Appointed by Department Will Probably Condemn Famous Old Warship, "Independence."

[BY UNITED PRESS.]

Washington, April 11.—Another veteran of the United States navy has been doomed to an ignominious end. The Navy Department has named a board of survey, to determine the disposition of the U. S. S. Independence, with a probability that she will be broken up for junk.

This vessel was built in 1814, and in 1815 was the flagship of the Mediterranean squadron. She served as flagship on the Brazilian station, in the late '30's, and in 1848 she went around the Horn to be flagship of the Pacific squadron. Since 1858 she has served as a receiving ship at Mare Island Navy Yard, Cal., where she now awaits her fate.

It was in the Independence that Commodore Balthazard visited the Barbary states in 1815 and brought those nations to a respect for the American flag. Another famous commander who used her as his flagship was Commodore Charles Stewart, known as "Old Ironsides."

She was taken around the Horn, though greatly disabled, by Capt. Josiah Tatnell. This officer made the famous remark that "blood is thicker than water," when defending his course in assisting the English against the Chinese in Asiatic waters.

## REPUBLICANS FIND DEFEAT IS BITTER

Democratic "Steam Roller" Has Passed Mercilessly Over Minority Members of the House.

Washington, April 11.—Republicans who enjoyed the pleasant sensation of sitting on the "steam roller" and gliding in the crisis of a crushed Democratic minority, are a chastened and saddened lot now that the same juggernaut is wending its way relentlessly over the prostrate but protesting ranks of its late masters.

Since April 4, when the House met, the Democratic steam roller has indicated to the Republican minority that long inexperience by the late, deceased minority of the House, evoked apoplexy in the management of the machine has not interfered with their mechanical ability.

They started the roller out first on the adoption of the new House rules, and it left a flattened path of Republican sin its wake. They called it into use to increase the Democratic majority on the committees. Engineers are now oiling for another ride over the Republicans on tariff revision. Republicans are just now discovering how bitter are the fruits of defeat. They have none of the patronage—they can't even name a page any more. Few Democrats wield enough power to get coveted office rooms away from Republican members, hoary with service. There is even a subtle change in the way the committee messengers greet the now insignificant Republicans. Things aren't the same around the old place nowadays. The change from the old order is particularly hard, too, when chastened Republicans see that over-pride, grin of exultation on the faces of the Democrats.

But, meanwhile, the new majority party is having its own troubles. There are about five thousand willing Democratic patriots who want jobs. There are, for instance, 14 men who convert the two places of reading clerks.

## JOHNSON'S DEATH MOURNED BY CITY

ALL CLEVELAND IN MOURNING AT DEATH OF FORMER MAYOR OR JOHNSON WHICH OCCURRED LAST NIGHT.

## TRIBUTES WILL BE PAID

By the City and Entire Business District Will Discontinue Activities During Funeral—Bryan Pays Tribute.

Cleveland, Ohio, April 11.—All Cleveland today is mourning the death of former Mayor Tom L. Johnson, father of the three cent fare. Arrangements are being perfected today for a tribute by the entire city which will probably take the form of a general suspension of business during the funeral. He died last evening of cirrhosis of the liver.

It is expected Johnson will be buried beside his father, mother and deceased daughter at Greenwood cemetery, Brooklyn, New York, although funeral arrangements have not yet been made. Johnson's estate today is estimated at only \$100,000. He was formerly many times a millionaire.

## Pay Tribute.

Washington, April 11.—Men of note paid tribute to Tom L. Johnson today. William J. Bryan said: "He was one of the noblest spirits with whom I have been in contact with politics and I regard his death as a great loss to the cause of real democracy."

Senator Pomerooy of Ohio said: "Mr. Johnson was one of the greatest men Ohio ever produced."

Tom L. Johnson who had been ill since he retired as mayor of Cleveland on January 1st, 1910, will probably be known in all future American municipal history as the Mayor of the "best governed city in the United States," and as the father of the three cent railway fare in America. He was born in Blue Springs, Ky., July 18, 1854. His father, General William Johnson, a famous Kentucky legislator, lost his fortune in the Civil War and at fifteen, young Johnson was thrown on his own resources. He promptly secured a job as a horse car driver on the streets of Louisville, and began learning the business in which he later made fame and fortune. Johnson served later as chief of police of Louisville, but soon became interested financially in the street car systems of Indianapolis, Cleveland, Detroit and Brooklyn. Patents on various street car appliances helped him along financially and made him an authority on street railway matters. He was practically a car of the height of a most successful career as a street railway magnate when in 1888 he retired from business to carry out cherished ideas of social reforms, among which was that of becoming the father of three cent street railway fare in America. This idea had been imparted to him by Henry George, whose influence over Johnson's entire life dated from the time when on a railway train Johnson bought a copy of George's "Social Problems." Later the two became fast friends and worked together at carrying out various social reforms.

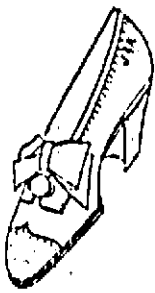

On George's advice Johnson entered politics, running first for Congress, but being defeated in his first race when he campaigned on the free trade issue. Later he was elected, serving two terms from 1890 to 1894. Here one of his most noteworthy achievements was the raise by which he forced the printing of the entire text of Henry George's "Protection of Free Trade," into the Congressional record and its free distribution to the entire country. Johnson was defeated in the Republican landslide of 1894 but in 1901 was elected mayor of Cleveland and began his real life's work of establishing the three cent street car fare. For years he kept up the fight and as a result Cleveland today still has a three cent street car fare although not exactly under the conditions he had hoped for. His various terms as mayor were marked by a continual fight against special privilege with the result that he quickly won the title of "Mayor of the Most Governed City in the United States." In 1902 he ran for governor and was defeated but was promptly re-elected mayor again in 1905, meeting final defeat in 1910.

"Although he had been in ill health for some time he had hoped to the last to recuperate sufficiently to enter again the next mayoralty campaign. During the last few months of his life, most of his time was spent in writing his autobiography."

Johnson was married in early life to Maryannet J. Johnson, daughter of the Confederate Colonel Robert Johnson, of Louisville. Mrs. Johnson and two children, Mrs. Beulah Johnson Marshall and J. Olin Edwards Johnson survive him.

## APOLLO CLUB GIVE THEIR LAST NUMBER

Barroff, Dasso, Feature of the Last  
Evening Which Closes A Very  
Successful Year.

With the concert last evening a very  
successful season for the Apollo  
club came to a close. This concert  
of which Albert Barroff the basso was  
the feature, was a fitting one with  
which to end the series of excellent  
evenings which this club has offered  
during the winter. In the quality of  
voice and in technique Mr. Barroff  
stands alone and as he himself stated,  
the way in which his selections were  
received by the club made it all the  
more easy for him to give the best  
that was in him. No one could have  
gone away without appreciating the  
soft yet full tones of his deep, rich  
voice, which seemed to fill every cor-  
ner of the hall.

During the past season the Apollo  
club has given six concerts. In actual  
value they have been instrumental in  
bringing to this city talent of the high-  
est type, worth over \$1,500. The ar-  
rangement in it as manifested by the  
members. While they are in no way  
concerned as to the money making  
possibilities of the entertainments,  
the club this year has broken even  
financially on the season's concerts.

The term of two of the directors of  
the club expired last evening, these  
being, George S. Parker and F. E.  
Lewis, who were re-elected to fill the  
positions for the ensuing year. The  
directors of the organization now are:  
Clarence Herrs, A. P. Lavelley, J. B.  
Taylor, E. C. Van Pool, George S.  
Parker and F. E. Lewis. Those will  
meet in the near future and elect  
officers for next year. As yet there  
are no definite plans for the next season.

## WOMEN'S SUFFRAGE TO BE DISCUSSED

At Annual Ladies' Night of Twilight  
Club Next Tuesday Evening—  
Miss Mary McDowell To  
Speak.

"Women's Suffrage" will be the  
topic considered at the annual ladies'  
night of the Twilight club to be held  
at the Y. M. C. A. auditorium next  
Tuesday evening. Following the ban-  
quet the program which is in charge  
of Dr. David Denton will be given.  
Miss Mary McDowell of Chicago uni-  
versity, who has had a large amount  
of experience in Y. W. C. A. and set-  
tlement work, will speak on the sub-  
ject of "The Ballot". Mrs. Sophie  
Giddens of Oshkosh, will talk on some  
phase of the present women's suf-  
frage question in the state of Wiscon-  
sin. Mrs. Zoe Pearl Park will render  
several solos, and the entire program  
promises to be one of rare interest.

## LITERARY SOCIETIES MET LAST EVENING

High School Organizations Held  
Weekly Meetings—Rusk Chal-  
lenged Forum to Base-  
ball Series.

Literary programs were given last  
evening in the Forum and Rusk Lyce-  
um societies of the local high school.  
The program of the Forum was of a  
new type. Each member was asked to  
give some special stunt. The program  
consisted of an original poem, songs,  
prophesy, and several extemporaneous  
talks.

Before the program, a business meet-  
ing was held. Among other things a  
new member was voted in, John  
Brown. The Rusk challenged the  
Forum to a series of baseball games to  
be arranged for by the representatives  
of the two societies. This series pro-  
mises to be a spirited one for there is  
great rivalry between the societies.

## CONDEMNED ACTION OF SEN. STEPHENSON

In Vote on Lorimer Case in Senate—  
La Follette's Vote Commended  
By Wisconsin in Lower  
House.

[BY UNITED PRESS.]  
Madison, April 11.—The Ballard res-  
olution condemning U. S. Senator  
Leucy Stephenson for his vote in the  
Lorimer case and commending Sen.  
La Follette for his vote against Lor-  
imer, was passed by the senate today.  
The resolution was passed by the  
House some weeks ago. Senators  
Berry and Lyons voted against the  
measure.

Case Adjourned: The civil suit of  
Harry Penno against the Northwestern  
railroad, for alleged injury to stock  
shipped in the railway company's  
cars, was adjourned today to April  
26. The case of H. B. Mettles against  
J. H. Stevens, set for yesterday mor-  
ning, has been adjourned to April 24.

There will be an abundance of re-  
ceipts published on the women's page  
during April so that a great variety of  
menus may be made up. If you enter  
the Gazette Menu contest, clip out the  
receipts over night and paste them in  
the scrap book which is to be furnis-  
hed free for that purpose. Read about  
the contest offer and rules on the  
women's page of this issue.

## OLD AND RESPECTED RESIDENT IS DEAD

George P. Tole Passed Away This  
Morning After Brief Illness—  
Had Lived Here Over  
Forty Years.

George P. Tole, for over forty  
years a respected resident of Janes-  
ville, passed peacefully away at his  
home, 844 Prospect avenue, about  
eight o'clock this morning. Mr. Tole  
has not been in good health for sev-  
eral years past, but death followed  
an illness of about a week with heart  
trouble.

Mr. Tole was born in Walpole, New  
Hampshire, Nov. 16, 1838. At the out-  
break of the Civil war he enlisted  
with the Fourth Vermont Infantry for  
three months at the end of that time  
he re-enlisted for three years. He  
saw active service during all this  
time and was with the Army of the  
Potomac. He was in twenty-two bat-  
tles and skirmishes, among them  
being the battles of Gettysburg, Pe-  
terburg and Vicksburg.

In 1867, after the war, he came to  
Wisconsin settling in this city where  
he has lived since. Soon after his ar-  
rival he was married and Mr. and  
Mrs. Tole had spent a long and hap-  
py married life together. Mr. Tole  
was a man highly esteemed and his  
stern character attracted many true  
friends who grieve with the family in  
their time of sorrow.

He was a member of lodge No. 14,  
I. O. O. F., and has been a faithful  
member of the Presbyterian church  
for many years. He was a loyal  
friend and true neighbor, endowed  
with the qualities which make for  
true manhood and Christian charac-  
ter.

He leaves a wife and one daughter,  
Emma, of this city. Notice of the  
funeral will be given later.

Celia Ennis Dunham.  
Orfordville, April 11.—Mrs. Celia  
Ennis Dunham, wife of Irving Dun-  
ham, passed away at her home in Or-  
fordville, Sunday noon. The deceased had  
lived at this village all her life, until  
her marriage which occurred in 1891.  
Since that time she has made her  
home in Racine where her husband is  
in business.

Besides her husband she leaves a  
father and stepmother, Mr. and Mrs.  
James Ennis of Orfordville; two sis-  
ters, Mrs. Herbert Wooten of Broad-  
head; and Mrs. A. Mooney of Milwa-  
ukee; and a brother Arthur Ennis of  
this place; also three step-brothers.  
The remains will be brought to Broad-  
head and the funeral will be held to-  
morrow morning at ten o'clock from  
the Catholic church there.

Mary Richards.  
The remains of the late Mrs. Mary  
Richards will be brought here from  
Stann, Iowa, and the funeral will be  
held at half past two Wednesday af-  
ternoon from the Oak Hill chapel.  
Rev. T. D. Williams officiating.

The husband of the deceased passed  
away May 6th, 1873, in England and  
ten years later Mrs. Richards  
came to America to live where she has  
resided since that time. She leaves  
besides her four children, fifteen  
grand children and seven great grand-  
children.

Wm. Meggott.  
Monday morning at 10 o'clock, the  
funeral services for Wm. Meggott  
were held at his late home, 403 Chatham  
St. Archdeacon Williamson officiat-  
ed and interment was at Oak Hill  
cemetery. The pallbearers were Wm.  
T. Shorer, E. T. Flah, Wm. Fern, M.  
Malquist, W. H. Taylor and O. H.  
Mead.

Among those from away were Mr.  
and Mrs. W. M. Meggott and daugh-  
ter of Evansville, Ind.; W. Meggott,  
Minneapolis, Minn.; Mrs. L. P. Ben-  
net of Hollet; R. H. Stockman, Edger-  
ton; H. Yale and wife, Milton Jet.;  
Mrs. K. B. Walker, Chicago; Mrs. T.  
E. Harburt, Evansville, Ind.; Miss Lucy  
Walker, Mr. and Mrs. T. L. Borden,  
E. G. Borden, Miss Mary Borden and  
Mrs. Jas. Anderson of Milton.

William T. Machen.  
Funeral services for the late Wil-  
liam T. Machen were held this after-  
noon at four o'clock from the home  
on Terrace street. Archdeacon Henry  
William officiated and the remains  
were shipped to Savannah, Ill., where  
interment will be made in the cem-  
etry at that place.

Mrs. Samuel Chase.  
Mrs. Samuel Chase passed away this  
morning at the home of her daughter,  
Mrs. James Caldwell, 145 Forest Park  
Bldg. Mrs. Chase was born in Bridge-  
water, N. Y., Dec. 26, 1838. Besides a  
host of friends she was survived by two  
children, Mrs. James Caldwell of this  
city, and Frank L. Chase of Minneapo-  
lis, Minn.

The remains will be taken to her  
home in Brownston, Minn., for burial.

## ESCAPED PATIENT FROM MENDOTA WAS RETURNED

Henry Hoag of Delavan Taken Back  
to State Asylum by Constable.  
William Dulin Today.

Henry Hoag of Delavan, an inmate  
of the asylum at Mendota, escaped  
from that institution and came up by  
the local police and held here. A tel-  
ephone message was sent to Judge  
Lyons of Eldorado, probate judge of  
Walworth county, informing him of  
the arrest, and the judge, who is  
guardian of the man, ordered Hoag  
returned to Mendota at his (Lyons')  
expense. Constable William Dulin  
was selected to perform the task by  
Chief Appleby and returned to Men-  
dota with Hoag this noon.

## TELEPHONE CASES WERE HELD OPEN

Actions Regarding Heights of Service  
Wires Postponed Pending Possi-  
ble Agreement Between  
City and Phone  
Company.

On agreement of counsel the cases  
of the city against the Wisconsin  
Telephone company were held open  
by Judge Field in called in mun-  
icipal court this morning to be taken  
up later if the attorneys desired. The  
case is held open in the expectation  
that an agreement may be reached  
between the city and the utility com-  
pany officials and possibly an amend-  
ment made to the present ordinance  
which requires that all wires in the  
fire limits of the city shall be placed  
at forty feet above the ground and  
outside the fire limits, thirty feet.

Attorney M. G. Jeffris and Chief of  
the Fire Department Klein held a con-  
ference on the subject, Mr. Jeffris  
endeavoring to secure concessions  
for the telephone company, claiming  
it works a hardship on the company  
to have to go to the expense of put-  
ting its wires at the height required.  
The chief, however, stood firm for  
granting no concessions where the  
fire department would likely be affect-  
ed and insisted that the height of  
forty feet on Milwaukee, Main and  
River streets, where the wires, if  
placed lower might interfere with the  
ladders without difficulty in encoun-  
tering the wires, was none to low.  
On the other streets in the  
fire limits, he stated he would  
raise no objections to having the  
wires placed at thirty-five feet, pro-  
viding the common council saw fit  
to make the change. Mr. Jeffris will  
request to make a change in the pre-  
sent ordinance at the meeting of the  
city fathers on Monday evening next.

When the ordinance was passed the  
height of electric wires in the wards  
was set at thirty feet. It is claimed,  
however, the utility company has not  
been living up to this and its lines are  
strung but twenty-five feet above the  
ground. "The fire department is not  
interested in this except to see that  
the ordinance is lived up to," said  
Chief Klein, "and the wires at their  
present height do not interfere with  
the work of the firemen."

"Unless the council changes the  
ordinance at the next meeting," said  
Chief Klein, "warrants will be issued  
next week for other companies in the  
city who are not living up to the  
ordinance."

City Lodge No. 90 of the L. O. O. F.,

## HOUSE INSURGENTS RECEIVE SHARE IN COMMITTEE PLACES

Great Harmony Was Revealed in  
Naming of Minority Members of  
House Committees—Wiscon-  
sin Men Got Important  
Places.

[BY UNITED PRESS.]  
Washington, April 11.—A great har-  
mony scheme to cement the minority  
of the House loomed up today when  
Minority Leader Mann announced the  
Republican appointments to commit-  
tee places. The House insurgents  
were handed their share of the slim  
Republican patronage. Democrats and  
Republicans alike were astounded  
when Mann announced two of the  
four Republican members of the all-  
powerful rules committee to be Rep.  
Madison of Kansas and Rep. Leamont  
of Wisconsin, radical followers of  
Sen. La Follette.

The regulars on rules were John  
Daboll of Pennsylvania and Wilson of  
Illinois.  
The only apologetic committee on  
which the insurgents failed to secure  
representation was Ways and Means  
which will battle with the tariff.

Cooper, Wis., and Kendall, will get  
choicer places on Foreign Affairs, Nor-  
ris of Nebraska is on Judiciary, Vic-  
tor Murdock of Kansas, remains on  
Postoffice and Volunteer, Minn., and  
Pickett, La., go on public lands. Mann,  
himself took no committee assign-  
ments.

"Uncle Joe" Cannon is ranking  
minority member of Appropriations  
and gets no other assignments. Under  
the agreement with the Demo-  
crats, Mann assigned Victor L. Burge-  
r, the Socialist to a minority place  
on District of Columbia.

## REVOLUTION IN SPAIN

TOWN IN MALAGA PROVINCE PROCLAIMED A REPUBLIC.

Troops Are Rushed In From Other Garrisons—Five Persons Wounded in Fighting.

Madrid, April 11.—Members of the Republican party opened an insubstantial revolt at Canillas de Acuña in the province of Malaga. After an attack on the barracks of the civil guard, which was successful, the leaders of the movement proclaimed a republic in the city. Five persons were wounded in the fighting.

The government does not consider the incident as serious, and it is expected that with the arrival of the troops which have been sent from other garrisons the uprising will be put down without further trouble.

The Republicans, however, do not think that the trouble will be over come so easily. Their confidence has been inspired by the easy overthrow of the monarchy in Portugal and by the bold statement of the Republican deputies in the Ferrer debate in the Cortes.

The only feature of the affair which has caused worry to the cabinet is the possibility that the revolutionary movement in Spain is being engineered by Portuguese Republicans. This is lessened, however, by the fact that Malaga is far removed from the Portuguese frontier.

It is known that the Spanish government has made representations on several occasions at Lisbon regarding the number of Portuguese who are in close correspondence with Spanish Republicans and plotting for a republic in Spain.

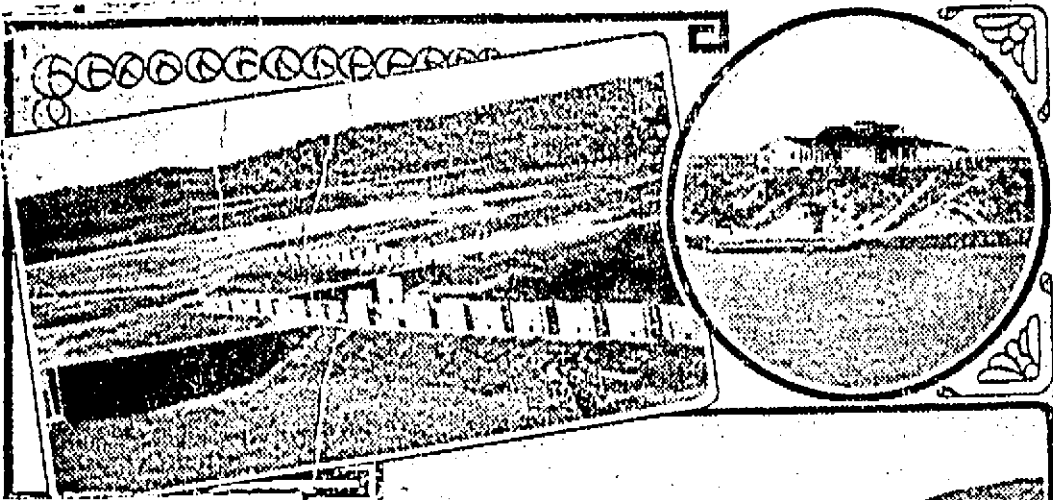

## 100 GIRLS ARE QUARANTINED

Scarlet Fever Breaks Out in Barnard College and Board of Health Takes Action.

New York, April 11.—The board of health took possession of Brook hall, Barnard college, and placed under quarantine nearly 100 girls students. Scarlet fever has broken out, but Don Gildersleeve says there is so far only one case now under care in Mott's hospital. Windsor hall, one of the wings of Brook hall, was fumigated and the occupants were told they could go home.

Considering the Price of Hats. The Parson—And you say your wife was thinking of the women's hats all the time she was in church. The Deacon—I'm afraid she was, parson. "I'm sorry. Told of Two Cities. Two of those cranks who do that sort of thing were debating the relative merits of St. Louis and Kansas City. "At any rate, we don't have to call this a city," said the St. Louis man. "Nor do we have to call our town a saint," the other retorted.

At the Battle of Waterloo. Napoleon was waiting anxiously for Grouchy. "He has the key to the situation!" muttered the great commander. But he was wrong for once. There wasn't any key. It was a time lock that held the situation, and Grouchy had set it wrong.

Brownies. A small boy's ideas of brownies: "They live in very hot countries. They eat with their fingers and wash their teeth with sand and water. Some are like savages, hunt for their prey, and they worship idols. Some boys and girls who have never seen these brownies think they are fairies, but of course they are not."

Mixed Hardware. "Skinner is a tight one, but I fixed him on our last bargain." "Did you, really?" "Yes, I did. I got the old screw nailed."

Better So. "So she refused you?" "Yes. It certainly puzzled me." "Oh, well, if she had accepted you the whole world would have been puzzled."

Warner's  
Rust-Proof  
Corsets

Are Made To a High Standard

WHAT does this standard mean to you? It means, that irrespective of the cost of production, the essential things in Warner's Corsets never vary in quality.

The Essential Things Are Shaping, Boning, Fabric

The shaping is always in harmony with current fashions. The corset is always comfortable, because of the SCIENTIFIC designing and the CHARACTER of the boning.

The boning is always RESILIENT for shaping, UNBREAKABLE for wear, and RUST-PROOF for economy.

The fabric is woven for strength and yielding for quality—all parts of the corset are equal to whatever wearing strain you may put upon them.

If you want a very fine fabric corset or one beautifully trimmed, you can find it in one of Warner's. But all Warner's Corsets, whether they cost \$1.00 or \$3.00, are covered by this sweeping guarantee—made to shape fashionably and to wear well—the boning and clasps not to rust or break, the fabric not to tear with hardest and most constant wear.

The attached SECURITY Rubber Button Hose Supporters are as reliable as the corsets.

Sold exclusively at The Big Store.

NO RADICAL LEGISLATION.

While President Taft touched upon the matter of the Canadian tariff only in his message the House leaders of democracy had already decided to start upon the revision of the tariff downwards or obliterate some of its provisions entirely.

Recent strictures upon the slowness of the tariff board in reporting facts upon which tariff legislation might be based have apparently borne fruit. There is already a promise from the President that the board will be ready with a complete report on the textile schedules in time for the beginning of the regular session of Congress in December. The Democratic majority in the House and the Democratic minority in the Senate number not a few who believe that the tariff problems of the present and future may best be solved through the instrumentality of a non-partisan tariff commission. These are not many, but they are influential. Again, the so-called "progressive" or "reform" Republicans, for the most part, favor the tariff commission idea. Regular Republicans, while perhaps lukewarm with regard to the tariff commission, are sternly opposed to tariff tinkering. All these forces united constitute a formidable opposition to any sweeping tariff legislation at this session.

Sincere and urgent advocates of wanted. Tariff reform along conservative ranks will only subvert the interests of their cause by holding aloof now from action that would have a tendency to alienate those in both parties who are striving to lift the tariff question out of politics. A contest for any measure of tariff reform worth while in the present session would certainly be a losing venture. It might lead to a resignation that would be embarrassing to tariff revisionists hereafter. It could hardly fail to prolong the session and cause business unrest.

Radical tariff legislation is not wanted, tariff reform along conservative lines is desirable. The latter can be brought about more satisfactorily through business than through partisan methods. The first great step in the right direction will be the permanent separation of the tariff from politics. Tariff reformers of all factions and parties may well fall into line with the recommendations of the tariff board, next December and enter upon a method of procedure that will mean the gradual adjustment of duties to the actual needs of the nation, regardless of special privilege or private interest or political advantage.

THE COUNTY FARM.

When the members of the State Board of Control visited the Rock County Poor Farm to investigate the charges made by an inmate of mistreatment, they reported that they would recommend to the county the establishment of a Work House, where the indigent inmates of the county institution could be cared for and at the same time do sufficient work to pay for their keeping. In view of the recent disclosures which have been published, it would appear as though the recommendation was wise. Men who work during the summer, spend their earnings and then go to the poor farm for the winter, are not the class of persons that the tax payers of the county should be asked to support in idleness. Men who are sentenced to terms

In state prisons under the habitual drunkenness act when found to be incurable are then sent to the county farm to live in idleness and stir up trouble. The idea of the work house would be a good thing. It is worth the consideration of the county board at their next meeting.

THE STONE PILE.

There is a matter on foot, considered by many of the members of the county board, relative to the establishment of a county stone pile which would be utilized to teach the tramps and habitual drunkards a lesson they much need, while inmates of the county jail. During the past two weeks Janesville has been overrun with tramps of this class. The election in Chicago over 1,000 of homeless wanderers that had been colonized for election purposes were turned adrift and started on their migrations. Cold weather drove them to the smaller cities where they sought shelter at the police stations and annoyed the property owners by begging for meals and clothing. A substantial stone or wood pile at the county jail, and the knowledge spread broadcast throughout the township would cause Rock County to be shunned in the future and much annoyance done away with.

The idea of the Twilight Club to offer prizes for the best kept yards and improvement in streets and residence property is a move in the right direction and the youngsters who enter the contest will be well repaid for their work by the improved appearance of their homes and the pleasure they had in making it more beautiful.

One of the departments of the city government that needs most careful attention by the common council is the health department. Here should be no laxation on the part of aldermen to shift the responsibility for this matter but they should face the issue squarely and call a spade a spade.

Baseball fans can hardly wait for tomorrow to watch the opening of the baseball season of the big leagues. What cricket is to England baseball is to the United States. Thus far the element of gambling has been kept out of the game and it is one of the cleanest sports and enjoyed by thousands.

This Japanese war scare hobs up every day or so and is then sat down on by President Taft. It should be expected that after a while the scare would be all crushed out of every existence by simply the weight of the denial.

The question of morals is one which can not be taught in schools half as well as at home. If the parents can not curb the instincts of their children let the council pass a curfew ordinance to help them do so.

This spring weather brings out all the defects in the city streets. It is time now to plan for the summer campaign of improvement and the quicker the work is done the easier it will be to accomplish it.

Senator Tillman will be on hand when the Lorimer investigation bobs up again in the Senate. Both he and Bailey feel sorry for their dear "friend" from Chicago to the extent of voting for him every time.

Those insurgent peace overtures some way got mixed up with dum dum bullets while on their way to the federal strongholds and never reach their destination.

Chicago has secured a Black Hand conviction. This is an opening wedge in the fight against the "disgraced minds" of the Italians who bring their funds even into the land of the free.

How about fire drills these nice spring days. The children of the schools should not be allowed to become lax in this matter even if some officials do not think them worth while.

Chautauqua friends are weary, their lives are full of care; the world seems bleak and dreary, and the gloom is everywhere.

THE EXTRA SESSION  
"Alas," they moan, "our program's all away; that doggone extra session has knocked our plans sky high." The stately human wonder whose talks are all the rage, this year won't paw and thunder upon our behalf stage. Our tents no more will shelter his bold and noble head; in Washington he'll swell, and wish that he were dead. In Washington he'll suffer and mop his steaming face, the while some cheaper duffer comes here to fill his place. Yes, while he saves the nation, and speaks in thunder tones, some guy of lumber station will collar all the bones. Chautauqua fans will languish this summer, that is sure; but O the bitter anguish the statesmen must endure! Compelled to earn their wages in misery and woe, while on Chautauqua stages cheap "babe" racks in the dough! But let us draw a curtain upon this dismal scene; for programs are uncertain as visions of long green.

THE MENTAL MAGNETS.

A newspaper writer compares the human will to the magneto of an automobile.

Which is apt. You know gasoline when mixed with air has great explosive power. But something must explode the gasoline. The magneto does that.

It is a little machine that makes electricity and supplies the spark that explodes the gasoline. The rapid explosions drive the engine and send the wheels of the auto going.

The magneto only needs to be started going by "cranking" the automobile, and it goes on making sparks as long as the engine runs.

Well—That mysterious thing up in your head that we call will power is your magneto. It makes the spark that sets your whole machinery going and keeps it going.

The mental magneto, which is supplied to every human being, explodes the force that resides in the gray matter of your brain. The nerves carry that force to whatever place it is needed.

Because of that magneto you can go where you want to go, up hill or down, and do what you want to do. Is it not wonderful?

Modern science has revealed no fact of greater importance than that of the tremendous power of the human will. The will is supreme.

If there be in you the desire to do or be you need only crank your brain machine, set the divine spark to going, explode the force that is in your brain and—away you go.

Of course accidents may sometimes happen. You may get a puncture in one of your wheels, or something may go wrong with your "transmission," or you may steer so badly that your machine will go to smash. But—The power is there.

It only needs the spark to set the machine going and care in oiling and cleaning and girding.

Write it upon the tablets of your heart, blind it upon your forehead, teach it to your child.

You can do or be what you want to do or be.

Use your mental magneto.

BIG CELEBRATION AT M. I. T.

Symposium on Scientific Management Marks Fiftieth Anniversary of Founding the Institute.

Boston, Mass., April 11.—In celebration of the fiftieth anniversary of the founding of the Massachusetts Institute of Technology, there was held at that school today a great symposium on the discoveries in scientific management of business affairs. Leading scientists and business men from all over the world are here and many of them read papers on the general topic named. Nearly all of these men are graduates of the Institute, and they represented most of the fields of applied science, including railway operation and building, water supply and sewerage, public health and factory sanitation, industrial organization and training, power production and distribution and the reclamation of arid lands.

Thousands of alumni are present, and this evening they will sit down to a big banquet in Symphony hall.

BALL MAN DIES OF RABIES

Abraham Nahon, Former Secretary of New York American Club, Succumbs to Hydrophobia.

New York, April 11.—Abraham Nahon, former secretary of the New York American League Baseball club, died of hydrophobia at the Neurological Institute. He contracted the madly strange. His pet bulldog, apparently showing gratitude for Nahon's attentions while the dog was ill, licked his hand. Mr. Nahon's hands were chapped and the germs of rabies were thus transmitted from the dog's tongue directly to his master's blood.

ENDS BIG "MAIL WAR" WEST

Post Office Department Orders Santa Fe System to Change Its Kansas City Plans.

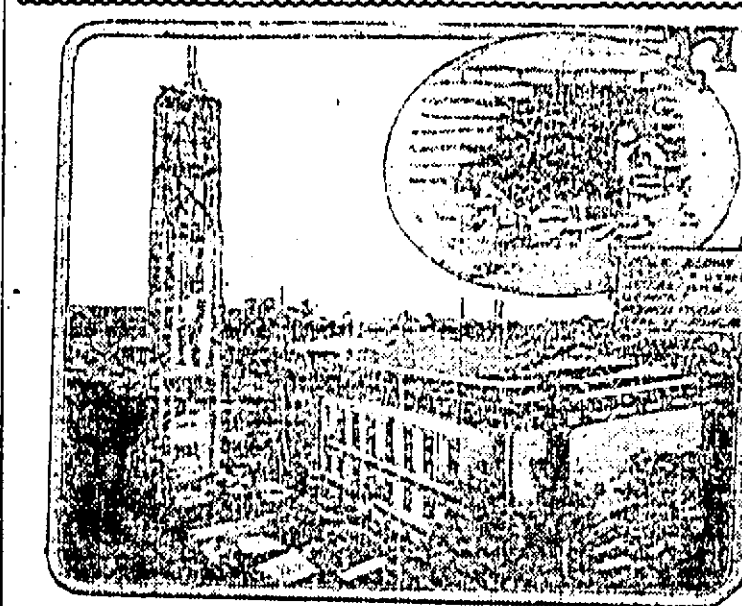

Kansas City, Mo., April 11.—The "mail war" which was being fought by the Atchison, Topeka & Santa Fe railroad and the Missouri Pacific-Pennsylvania roads for the contract to carry the overland mail west from Chicago has been brought to an abrupt end by the order of the post office department. The order, which requires that the Santa Fe morning mail train leave the union station here instead of the Grand avenue station has gone into effect. The order restores connections here and gives the west its mail about ten hours earlier than previously.

DYNAMITERS ATTEMPT TO WRECK ADMINISTRATIVE OFFICES.  
Municipal office building at Springfield, Mass. Cross shows point where dynamite was placed in an effort to destroy the building and kill the officials.  
Springfield, Mass.—The terrible explosion which rocked the tower of the municipal building group of this city is now known to have been a deliberate attempt to dynamite the city's \$2,000,000 administrative offices.  
That it succeeded, 40 or 50 occupants of the police building would have been buried beneath thousands of tons of brick, stone, steel and cement; that it failed is principally due, in the opinion of experts, to the fact that the dynamite was not up to the standard.

## YARD CONTEST TO BE STARTED HERE

**TWILIGHT CLUB TO OFFER PRIZES FOR IMPROVEMENT OF HOMES.**

**WILL BEGIN THIS SPRING**

Children Are To Be Given Opportunity To Enter Contest Which Will Greatly Improve City.

One of the largest campaigns that has ever been launched in this city for the beautification and improvement of Jansville as a whole was started yesterday afternoon by a committee of the Twilight club in the form of a prize home improvement contest.

The committee which has the affair in charge was appointed at the last meeting of the club and consists of Rev. J. C. Hazen, chairman, Frederick Capello and George S. Parker with the cooperation of Prof. Buell and Judge Elfield.

The city is to be divided into sections which will be limited by the five wards. There are to be from five to seven prizes offered in each ward for the winners in the contest which will consist of a yard and home improvement competition.

The homes of those who wish to enter the contest will be inspected about May 1st, according to the present plans, and the good work may be carried on until some time in the fall at which time the committee will again look over the places to determine the improvement in them.

It is the plan to judge the advances in appearance on the scale of one hundred, improvement along certain lines counting for certain amounts, the total score of each competitor being compiled accordingly.

These different classes along which decided improvements may be brought about are: planting shrubs, making trees, repairing fences, grading streets in front of the house, erecting flower holders and cleaning up dirty spots.

It has been found that the recent school yard contests, while very successful, have come to the end of their usefulness and that the room for improvement in those cases has so decreased on account of the excellent work done, that this new field offers better advantages.

Rev. Hazen, the chairman of the committee, is now engaged in studying out the possibilities of the contest and as soon as definite plans are made, the conditions governing the contest will be made known. This should appeal to every citizen as a most and efficient way of bringing about a speedy improvement in the appearance of the individual homes throughout the city.

Prizes will be offered which will be conducive to the bringing out of the very best efforts and from the interest manifested in such ventures in the past the outlook is very bright for the success of the plan.

## ROBBERS WORKED IN TWO NEARBY CITIES

Rockford and Beloit Mercantile Houses Were Broken Into By Thieves Sunday Night.

Chief of Police George Appleby was this morning notified by Chief of Police Blanton of Rockford, of the robbery in the Forest City on Sunday night of the Burr Bros. Sporting goods store, from which goods valued at \$200 dollars were taken. The burglars broke into the store by cutting through a wire netting on a rear window and opening the window. A large number of revolvers, of all makes and styles, knives, weapons and cartridges were stolen. The chief here was asked to look for the stolen stuff in second hand stores and be on the lookout for any Italian trying to sell or pawn the goods, as it was thought the work was done by an Italian.

A Beloit store was visited by burglars on the same night, the department store of M. Goldberg & Son being entered and the contents of the cash drawer taken. The amount, however, was small, as there was only a small amount of change in the drawer. The thieves broke through a rear transom window to get into the building.

The spectacular feature of the program will be the big street parade tomorrow.

## MIXED DRINKS AND MIXED DIRECTIONS

Ferdinand Storm Tried To Get In Residence On Milton Avenue, Thinking It His Fourth Ward Home.

Blind drunk and unconscious of the fact that he was not at his own home, Ferdinand Storm tried to get in at the doors and windows of a residence on Milton avenue about half past twelve o'clock this morning and frightened the occupants almost into hysterics. The fumbblings of the man at the doors convinced them that someone was trying to burglarize the house and officers were sent for. Officers Horn and Sam Brown went to the scene and arrested Storm, who thought he was at his own home in the fourth ward. He pleaded guilty to charges of drunk and disorderly in municipal court this morning and was given a fine of ten dollars and costs or eleven dollars and the alternate of fifteen days in jail. Storm went to jail. John Hogan, a one-legged transient who arrived in the city yesterday, pleaded guilty to the same charge and was given free bond and lodging at the county's expense for five days, being unable to pay a fine of \$3 and costs.

## SCORE PERISH IN WRECK IN PACIFIC

Steamship Iroquois Founders in Gale Near Sidney, B. C.

ELEVEN PERSONS ARE SAVED

Survivors Drift Ashore on Life Buoys in Sight of People on Land Powerless to Render Aid.

Victoria, B. C., April 11.—It is believed that 20 lives were lost when the little wooden steamship Iroquois, plying between Sidney, Vancouver Island, and the islands of the Gulf of Georgia, capsized soon after leaving Sidney.

The pursor, who had a record of fairs collected, is among the dead, and it is not likely the exact number that perished ever will be known. Four passengers and seven members of the crew were saved and four members of the crew and probably 10 passengers were drowned.

Following is a partial list of the dead:

Passengers—D. N. Davidson, Thylene, and Mrs. Houston and child. Crew—A. Olson, fireman; Herbert Hartnell, steward; A. G. Munroe, purser; Chinese cook.

Recalls Sinking of Sechelt. The disaster was in some respects similar to the loss of the steamer Sechelt, with 26 lives, off Sechelt head, Vancouver Island, on March 24. The Sechelt, a wooden steamer, of almost the same speed and dimensions as the Iroquois, was struck by a gale, rolled over on her side and went down in a few minutes. Only one body from the Sechelt was found.

The passengers saved from the Iroquois drifted ashore with life buoys almost in the last stages of exhaustion. Purser Monroe was found encircled with a life belt and floating on a bale of hay.

Watch Disaster From Shore.

When the Iroquois foundered part of the upper works were left above water, and persons ashore could see the survivors clinging to that portion of the wreck. The swirl of the water soon tore off the works and the sea was covered with wreckage, amid which men and women struggled for their lives. Of the bodies which drifted ashore many were equipped with life belts.

A number of launches put off, but were unable to get near the wreck.

The Iroquois foundered 15 minutes after leaving Sidney. Her cargo shifting, she swung over on her port side, circled around as if about to come back to port, partly righted again, went on her beam ends and, apparently filling with water, foundered in comparatively shallow water. Her engines blew up.

## DENIES HE STOLE \$8,500

Chicago Post Office Man Surrenders Himself and Is Locked Up—Missing a Week.

Chicago, April 11.—John J. Daly, head of the wholesale stamp department of the Chicago post office, who stands accused of taking \$8,500 in government funds, walked into the federal building last night and gave himself up. He was locked up in the county jail.

A week ago he disappeared just before the finding of the shortage in his department.

Daly's first statement protested his innocence in spite of his surrender. A lawyer accompanied him and backed up his declaration. Which presumes that the case of the missing \$8,500 may be a case of a parallel of the \$173,000 sub-treasury robbery, for which George W. Fitzgerald is now under indictment. In such case the money is gone and can't be found. The men accused simply deny their guilt. The government authorities, however, will prosecute Daly.

## NERVE OF BANDITS FAILS

Attempt is Made to Hold Up Train Near St. Paul, Minn.—Shoot at Brakeman.

St. Paul, Minn., April 11.—There was an unsuccessful attempt to hold up the Chicago, St. Paul, Minneapolis and Omaha train last night near Midvale six miles from here.

The engineer noticed a red light on the track ahead and stopped the train. The fireman, investigating, found that the lantern rested on railroad ties piled across the track. The brakeman, who went to the rear to protect the train, was fired upon by some one in the dark. Only one shot was fired, and it went wide.

The track was cleared, and the train proceeded. Local officials think that the bandits did not have the nerve to carry out their plans.

## GIVES TO FIRE SUFFERERS

"Knock-Out" Brown, Pugilist, Hands in \$512 for Victims of Waist Company Disaster.

New York, April 11.—Valentine Brown, better known as "Knock-Out" Brown, a pugilist of repute, went to the city hall and handed Robert Adamson, the mayor's secretary, \$512 for the sufferers of the Triangle Waist company fire.

Brown explained that \$412 of the money was raised at a benefit and the extra \$100 was Brown's personal contribution.

Soap in History. It is noteworthy that the Latin word for soap, *sapo*, is derived from the low German word *sap*. The ancient Belgians had a sort of caustic soap or rouge that was probably the origin of the well-known old Dutch soap.

## TARIFF UP TO CAUCUS

HOUSE DEMOCRATS TO PASS ON UNDERWOOD PROPOSALS.

Mann Completes Selection of the Minority Committee, But Withholds Announcement.

Washington, April 11.—Before any important business is taken up by the house the Democrats will hold another caucus and pass on the tariff proposals to be submitted by Chairman Underwood of the ways and means committee. The caucus will take up the legislative program tentatively framed by the Democratic leaders and will determine what public measures are to be considered first and what tariff revision shall be attempted.

Representative James R. Mann, minority leader of the house, has completed his task of assigning the minority members to the various committees of the house organization, but has not made his selections public.

In making the assignment Mr. Mann has treated the ranking minority places as chairmanships and has given the appointees to these important places no other assignments. Neither has Mr. Mann considered that a minority member is entitled as a right to remain on two of the leading committees. Wherever practicable a veteran in the house has received an assignment with a new member, to avoid the embarrassment which a new member ordinarily has on a committee when alone.

One of the busiest bodies in congress is the Democratic committee apportioning appointive positions in the house among state delegations. At present the house is running with the old Republican employees. The committee devoted three days last week to finding out how many jobs are to be filled and how they can distribute them fairly among the delegations.

Chairman Lloyd expects to have the employe lists ready this week.

## APPEAL COTTON POOL CASES

Government Wants a Hearing of the Charges Against James A. Patton and Others.

New York, April 11.—Notice of an appeal by the government in the so-called cotton market conspiracy cases against James A. Patton and others was served on counsel for the several defendants by United States District Attorney Wice. The appeal is from the recent decision of Judge Noyes in the United States circuit court sustaining the demurrer of the defendants to certain counts in the indictment.

In his decision Judge Noyes held that while "corners" are illegal, the corner described in the indictment was not in violation of the federal anti-trust statute. District Attorney Wice, on behalf of the government, has appealed from that part of the decision and the appeal is on its way to Washington.

## PLEDGES TO CLOSE SALOONS

Candidate for Mayor at Alton, Ill., Puts Up Forfeit of \$2,400 as Guarantee.

Alton, Ill., April 11.—Stephen Crawford, candidate for mayor of Alton, deposited \$2,400 in an Alton bank as a pledge of good faith, in case of election, to be forfeited if he fails to close saloons on Sunday as he declares in his platform he will do. When he announced his platform there was some skepticism about his doing all that he said he would do and he decided to let money talk.

## NOT WIDOW OF GEN. ECKERT

Mrs. E. L. Davies Appears Before Surrogate and Repudiates All Claims She Had Made.

New York, April 11.—Mrs. E. L. Davies, of Dore, appeared before Surrogate Cohalan and repudiated any claim she had made that she was the widow of Gen. Thomas Eckert, whose will is being contested. Surrogate Cohalan allowed the woman to go after she had made the statement, and her son, James A. Dore, promised to take care of her.

## TWO DIE IN SUICIDE PACT

Man and Wife Deliberately Permit a Passenger Train to Run Them Down.

Aurora, Ill., April 11.—A husband and wife were killed at Malden, Ill., on the Burlington railroad in what appears to have been a suicide pact. They were struck by an east-bound passenger train and instantly killed. The couple are Mr. and Mrs. Thomas Moore, thirty and thirty-eight years old respectively. They are believed to be residents of Chicago who had become stranded in one of the small towns near Mendota and started to walk the remainder of their way to Chicago. The couple deliberately stood in the middle of the track and allowed them selves to be hit.

## Holds Reciprocity May Go On

Washington, April 11.—The customs court in a decision held in effect that the so-called "favored nation" clause in the existing commercial treaties with England, France and Germany does not restrict the United States in offering the proposed reciprocity agreement with Canada.

## An Error.

First Anarchist—Don't you think it would be a good idea to throw bombs all the time to terrorize the public?

Second Ditto—No; throwing bombs is an exploded theory.

Valuable Pearl. An enormous pearl of perfect shape, and valued at \$30,000, has been found in the western Australian pearl fisheries and brought into Groom, from where it has been shipped to England.

## A KIDNEY REMEDY YOU SHOULD USE.

Undoubtedly the kidneys are greatly irritated and abused through excessive coffee, beer and liquor drinking, also indulgence in eating brings on a long list of kidney troubles. Patent medicines kidney remedies depend mostly on aprils of alto or salt petre for their action. These remedies only aggravate the trouble by irritating the mucous membrane.

Your kidneys need mild soothing, tonic remedies like Buchu, Uva Ursi, Couch Grass, Asparagus, etc., combined in the right proportion as you find them in our Kidney Pills. Scalding Urine, prostrate trouble, backache, offensive urine, gravel, all irritation of kidneys and bladder are quickly relieved by these pills. Their soothing action is felt in a few doses. Mr. Plonk, our Graduate Pharmacist and Chemist would be pleased to give you full advice for their use. Remember they are not a secret patent pill but a sure remedy safe to use. Made after the best prescription for all kidney and bladder trouble, sold or mailed anywhere for 50c. Hader Drug Co., Milwaukee and Silver streets. The Drug Store that makes a specialty of drugs.

**LADIES AID AT NEWVILLE IN SUFFRAGETTE FARCE**

[SPECIAL TO THE GAZETTE.]

Newville, April 10.—The Ladies Aid gave a farce comedy entitled "Suffragette Convention" last evening. At this time a poem was read which was written by our blind poet, Arthur Whitney.

If the men were not convinced that the women should have the right to vote and hold all the offices of the U. S. from the President's chair down, then they must be dense. Such eloquent speakers as Roxie Bates, and Myra Richardson should convince the most prejudiced, and any lingering doubt in the masculine mind was probably swept away by the use of firearms in the hands of Mrs. Sherman, who no doubt has the proverbial aim of her sex.

The men's chorus also delighted the audience with several selections, and the proceeds of supper and sales were gratefully to the members of the society.

**Personal.**

Miss Belle Steckmann and her brother Lee, were guests of Mrs. Sherman and Laura Christensen Sunday afternoon.

We are very sorry to state that Mrs. Del Kitzke is not doing as well at present, and grave fears are entertained as to her recovery.

**THE GREAT NEW WEST IS CALLING YOU**

**Farmers of Rock County Read This Story of the West**

It points the way to wealth. It tells of the opening of a wonderful new country. Already many have bought these lands. Why save money to buy a Rock county farm at \$100 to \$150 per acre when you can get better lands for about one-tenth the price?

This announcement is presented in order that we may place before you a statement of facts, truthful in every detail, so that you may read and consider for yourself the possibilities of this Great West.

**Absolutely Safe As An Investment**

The best investment on the face of the earth is farm lands. It differs from most all other forms of investment because its full value is tangible. Nothing is safer. It is worth every investor's time to give this matter attention and to investigate it thoroughly. Investment in these lands, either revenue producing or wild land will give better returns for his money than any other form of investment. The rapid advance in the price of these lands is sure to follow the great influx of settlers. It is estimated that each day now, 1000 people pass through Winnipeg on their way to lands in all directions. And the advance in prices will be a natural, healthy advance. Nothing of the boom order.

The great fortunes were made from increases in price of land. The Hudson Bay Co., one of the richest in the world, made its money on increase in land values; the railroads are doing the same thing, and hundreds of settlers are also becoming well-to-do by buying cheap land, well located, with rich soil.

Many farmers know of Canada, but Canada is large, larger than the United States. There are many states and provinces in Canada. Manitoba is a state, larger than Wisconsin, with Winnipeg as its Capital. Winnipeg is a wonderfully beautiful city, a progressive city, a natural commercial gateway to the Western Canada. It is called the Chicago of Canada.

**Natural Advantages**

The Dauphin country in which our lands are located, is just 150 miles from this great metropolis, Winnipeg. It occupies about the same position as Rock county does toward Chicago. The Climate is much nicer than Rock county, because while the air is drier, due to higher altitude, the temperature is more even, and more moderate, due to the great bodies of water lying near by and protecting mountain ridges. Average temperature for growing season is 60 to 90 degrees, with a great abundance of sunshine, which makes ideal growing weather. The days are longer during the summer months than they are right here in Wisconsin, which gives

the crops that much longer chance to grow each day. There are no long Indian summers in Manitoba, snow does not usually fall until December. The variations in weather during winter are steady, the sun shines as brightly as in June. Everything is invigorating.

**Not a Wild Country**

Manitoba is located directly north of North Dakota and Minnesota. It has 25,000,000 acres of arable land, only one-fourth of which is now under cultivation, yet on these farms are \$125,000,000 worth of farm buildings; the grain crop was over 120,000,000 bushels, potatoes and root crops sold for over \$5,000,000; dairy products for over \$1,500,000, and live stock for \$1,700,000. In Manitoba there are 400 cities and villages, plenty of railroads, public schools that are the equal of any in the world, churches, etc.; social conditions are pleasant.

**Big Average Production**

Practically everything will grow BETTER in Manitoba than in Rock county, and most everything that can be grown here is grown there, though the raising of corn has not become an industry. Ten years' average for wheat in Manitoba is 21.7 bu., while crops of 30 to 50 bu. in good seasons are not rare. Oats average over 40 bushels, barley average over 35 bu., potatoes average over 150 bu., etc. East Lake Dauphin district being so close to Winnipeg, the great Central market has great advantage because of the low freight rate. The difference in freight rates alone on farm products and live stock, between this district and lands lying 400 or 500 miles further west, is about 10c less per bushel. Manitoba leads all other sections in production. The average yield of timothy is 1.84 tons per acre, rye 1.55 tons per acre, Bromo 1.99 tons per acre. There are over 400 threshing outfits in Manitoba and over 50 per cent of last year's wheat was marketed in December. 17,000,000 chickens, 8,500 geese and 15,000 turkeys were

## JANESVILLE PEOPLE AT HAMILTON, MONT.

Letter from Edward A. Akin, Formerly  
of Whitewater, Brings Clipping  
from Paper Announcing Ar-  
rival of Bernard Palmer.

Edward W. Akin, formerly of Whitewater and son of Mr. and Mrs. W. F. Akin, 325 South Main street, now local editor of the Missoulian, at Hamilton, a paper published at Missoula, Montana, has sent a clipping of the paper of the date, April 6th, announcing the arrival of Bernard Palmer to the Montana country in the Bluff Boat Valley. The clipping follows:

Hamilton, April 6.—(Special.)—Last summer Roy Palmer sold his garage at Janesville, Wis., and, coming to Hamilton, invested in orchard property west of the river. This morning

## SECURING PLAYERS FOR BASEBALL NINE

Manager Walter Breen Singing Up  
Outside Players For Baseball  
Nine This Summer.

Manager Walter Breen, who is getting together a baseball team for this city, went to Beloit today to endeavor to secure the services of two Beloit men for the local nine, Sleep and Puck, who are attending Beloit college. If possible he will sign these two to play after the close of school. Puck will probably be in the mound for Janesville during a part of the games at least, if he will sign up and Sleep will go into the left corner of the garden. Both are high class men. Puck is a corner as a hurler and Sleep is an all round baseball man. The former has some very good curves and good control and Sleep is not only an excellent fielder, but last year's college team in attack work. While in Madison yesterday Breen secured three good players and made arrangements for an exhibition game with the Madison V-L league team here on April 20. This will probably be the opening game of the season and promise to be full of interest for the fans. Simmons, third baseman, was signed up yesterday. Jung was promised for second base or short stop and Horn will be one of the outfield staff or play at short stop.

The first practice will be held next Sunday at the Fair Grounds, weather permitting, and not only the men at study signed, but a number of local men, who are trying for positions will be out. Miller will be given a chance at second base; Hill is after the short stop job; Sullivan may qualify for the right field and Butters for a place on the pitching staff. Hall of this city and Crotan of Walworth will probably interchange behind the bat.

Pal Moore and Fredy Welsh, New York, April 11.—The postponement of the Parker McFarland-Tommy Murphy fight, originally scheduled for tonight, leaves the show at Tom McFarland's club tomorrow night the most prominent event on the list in the metropolis this week. The wind-up will bring together Pal Moore and Fredy Welsh for 1 round solo. The two boys are regarded as pretty evenly matched and are expected to furnish an interesting contest.

## SUNNY MONDAY

There is not an ounce of rosin in Sunny Monday Laundry Soap. Rosin is used in all other laundry soaps—because it is cheaper than the fats and oils used in Sunny Monday. Sunny Monday costs more to manufacture than any other laundry soap of which we know. It is kind to clothes—will not shrink flannels or woollens, or turn clothes yellow.

Sunny Monday is just as pure as its whiteness indicates; it's the safest and most economical laundry soap you can use.

THE HOPE OF BOSTON—BOSTON NATIONAL BASEBALL TEAM IN TRAINING QUARTERS AT AUGUSTA, GEORGIA.

IN the argot of the theatre there is a new word to express why a play succeeds: "Punch."

"It has a punch to it." If for no reason that could be well foreseen it fails; if the audience sits listlessly and either barely tolerates or bluntly condemns it, "It hasn't any punch to it."

Hundreds of scholarly explanations of success or failure might be made, but they are all contained in this bit of slang. "Punch," or the want of "Punch," that's it.

East Lynne, Camille, Way Down East, The Fortune Hunter, The County Chairman, The Man From Home—every successful play, be it comedy, farce, melodrama, drama, or tragedy, has "punch."

That is to say, it drives its meaning home to the hearts of the people out in front.

It has one big reason for being successful and it puts all of the punch into that one big reason.

There is a considerable likeness between plays and advertisements.

Advertisements also appeal to the sentiment. They are aimed at the fundamentals of humanity, which fundamentals are the same in every body.

The cold-blooded advertisement, like the cold-blooded play, fails.

The warm-blooded advertisement, the one that reaches for the heart before it appeals to the head—wins.

It has "punch."

"Punch" is aggressive, confident, inspiring, convincing.

There shouldn't be a line in an advertisement, any more than there should be a scene in a play without "punch." It doesn't hit the readers between the eyes, but it must be determined enough to impress him with the earnestness of the advertiser.

Advertisement comes from just one thing—belief. And belief comes from knowledge. And knowledge is power—which is "punch."

Put "punch" in your advertisements, and then be sure you select the right medium to deliver the punch effectively.

Every business man realizes the necessity of putting "punch" into his business advertisement. To hold what business he now has. Also who are new business men, but who are not skilled in advertising or wise in application are invited to call on the Advertising department of the Gazette. Trained advertising men will advise and assist in giving your business the proper publicity.

The effects of advertising live far beyond the day or the week or even the month in which it is presented. Good impressions, favorable public opinion created today may last for a generation. The great majority of all the people in Southern Wisconsin read the Gazette. It is therefore the greatest advertising medium.

GAZETTE PRINTING CO.

changes in team composition in both leagues since the last season's close, the changes, for the most part, have not been of such a radical nature as in some previous years. The Chicago Cubs, champions of the National League, and the world's champion Philadelphia team of the American League are practically standing pat with last year's lineup. The shifting of "Ginger" Beantown from the Cubs to the minors is about the only notable change among the veteran players who contested for the world's pennant last fall.

Nearly all of the sixteen clubs have been trying out new players. This is one of the elements that enters into the uncertainty of the pennant races, for it can never be foretold with certainty just how those novices will turn out. A lucky find among the new material may add greatly to a club's chances of capturing the flag. As for the managers, there have been fewer changes among the big leagues this year than ever before. The St. Louis team of the American League and the Boston Nationals are the only clubs to begin the season with new pilots. St. Louis has secured a competent manager in Bobby Wallace, while the Boston club will under the direction of the veteran Fred Tenney, who comes back with the big league after a season with the minors.

In the initial games tomorrow, weather permitting, the sixteen teams will face off as follows:

National League—Brooklyn with Boston; Philadelphia with New York at New York; Pittsburgh with Cincinnati; St. Louis with Chicago, at Chicago.

American League—Chicago with Detroit; Cleveland with St. Louis, at St. Louis; New York with Philadelphia, at Philadelphia; Boston with Washington, at Washington.

Two basket ball games are scheduled at the Y. M. C. A., tomorrow evening. The opening contest will be between the Maroons, one of the senior teams, and the Forum literary society five of the high school. The second game will be between the Y team and Milton College.

The Y. M. C. A. lineup will be a strong one and is as follows: Wilkerson, center; Green and Koch, forwards; McDonald and Booth, guards.

## Tourney of Illinois Trap Shots

Springfield, Ill., April 11.—Many well known marksmen faced the traps at the opening of the annual tournament of the Illinois State Sportsmen's Association. The tournament will continue over tomorrow and Thursday, with ten events of twenty targets each daily.

## Boston Dog Show Opens

Boston, Mass., April 11.—With an entry list that establishes a new local record for numbers and variety, the annual bench show of the New England Kennel club opened in Mechanics Building today, to continue until Friday. The show this year is notable for the large representation of the rare breeds of dogs. Nearly all of the famous kennels of the United States and Canada are represented.

March athletic contests at the Y. M. C. A. and some good records were made by the various teams.

The monthly athletic contest for senior class was won by Ryder's team and it kept them in the lead for the season. W. McDonald made the highest score winning first place in all four events. The winners of the three best records were:

Running long dive, W. McDonald, 12 ft. 10 in.; F. Ryder, 10 ft. 4 in.; L. Church, 9 ft. 10 in.

Running broad jump, McDonald, 14 ft. 3 in.; G. Moore, 13 ft. 2 in.; A. Hurst, 12 ft. 10 1/2 in.

Running high jump from spring board, McDonald, 5 ft. 8 1/2 in.; Ryder, Church, Schuler, Moore, Antisdel, 5 ft. 10 1/2 in.

Standing high kick, McDonald, 7 ft. 3 in.; E. Muenchow 7 ft. 3 in.; Ryder, Church, Hubel, Moore, Antisdel, 6 ft. 10 in.

The winners of the three certificates for highest score at the Y. M. C. A., 327, F. Ryder 254, L. Church 249.

## Intermediate Class.

Burdick's team made the highest score and are still in the lead with the highest total, French making the highest number of points. Scores of the record holders in the high kick were better than the best in the senior class as will be seen below. The three best records for each event:

Running long dive—French, 12 ft. 1 in.; Herman, 11 ft. 6 in.; Deller, 11 ft. 2 in.

Running broad jump—H. Cannon 12 ft. 10 in.; A. Burdick, 12 ft. 2 in.; S. Mills, 12 ft. 3 in.

Running high jump from spring board—G. McArthur, 5 ft. 7 in.; Mills, 5 ft. 6 in.; French, 5 ft. 3 in.

Standing high kick—Burdick, 8 ft. 2 in.; Cannon, 8 ft. 1 in.; D. Cunningham, French, French, Mills, 7 ft. 10 in.

Highest score made—French, 202; A. Burdick, 252; D. Cunningham, 208; L. Herman, 252; S. Mills, 203; Deller, 211; L. Bailey, 225; H. Mohr, 206.

## "D" Juniors.

Dalton's team made the most points and are in the lead with the highest total. In the running broad jump Heasdale made a better record than the other classes. The winners of each event are:

Running long dive—Heasdale, 19 ft. 1 in.; M. Dalton, 10 ft. 1 in.; Stekler, 9 ft. 2 in.

Running broad jump—Heasdale, 16 ft. 10 in.; H. H. H. 13 ft. 11 in.; D. Miller, 12 ft. 1 in.

Running high jump from spring board—Heasdale, 5 ft. 6 in.; Miller, 5 ft. 5 in.; H. H. H. 5 ft. 4 in.

Standing high kick—Miller, 6 ft. 9 in.; Heasdale, 6 ft. 6 in.; Winners of certificates: V. Heasdale, 312; D. Miller, 251; H. H. H. 242.

## "A" Juniors.

Lowry's team made a gain on Day's who were in the lead, but ended in second place. On account of the number in the class only three events were contested, and the three best records made were as follows:

Running long dive—R. Lowry, 8 ft. 8 in.; Taylor, 8 ft. 7 in.; N. Horn, 8 ft.

Running broad jump—Taylor, 12 ft. A. Welsh, 11 ft. 4 in.; H. Kennett, 11 ft. 3 in.

Running high jump from spring board—Lowry, 4 ft. 11 in.; Welsh, 4 ft. 11 in.; Kennett, 4 ft. 10 in.

Highest score was made by Taylor, 170; Lowry, 165; Welsh, 153; Kennett, 146; Horn, 143; Horn, 137; Day, 103; H. Kennett, 96; Kimball, 96; Skelley, 91.

## The Evening Chit-Chat

By RUTH CAMERON.

**DO YOU love life?**

"Then do not squander time, for that is the stuff life is made of."—Benjamin Franklin.

If you had a certain amount of gold put in trust for you to last you through life, surely you would not fritter yourself with hopeless longings that you had the full control of this store in order that you might eventually destroy some of it.

And yet how often one hears impatient young folks say, "Oh, how I wish it were next Saturday," or "I can never wait until Tuesday."

And they are wishing, you see, that the wealth of days and weeks and hours which has been put in trust for them were wholly in their power in order that they might annihilate some inconvenient part of it.

Now perhaps I'm queer and notional, but it seems to me that this continual wishing time away borders on the wicked.

No one has really learned to live until he has learned to get out of each moment all that it contains irrespective of past or future.

There are very many people who are not happy unless they have some special pleasure to look forward to. They eternally crave the stimulus of anticipation. In the spring they throw their whole hearts into planning and longing for the summer vacation, and fret at the days and weeks which separate them from that event. When the summer vacation is past they are quite at a loss what to do for the rest of the year.

These people are forever straining so hard to reach and climb the heights of particular pleasure that they do not realize how beautiful are the valleys of daily living through which they are hurrying so obviously.

Now, please do not think that I would disparage the joys of anticipation. Far from it. I know too well that this power of pre-seeing our pleasures in more unalloyed though less poignant form, is one of the most precious privileges God has given man, and one of the most wonderful differences between us and our four-footed brethren.

But when we depend upon anticipation to the extent of wishing away some of these all too swiftly passing moments of ours, I think we are in a rather unhealthy state of mind.

Get all the healthy pleasure you can out of anticipation, but, to paraphrase Franklin a bit:

"If you love life, do not wish away time, for that is the stuff life is made of."

**AN IDEAL RELATIONSHIP.**

It is told of Elizabeth, consort of Alexander I, of Russia, that when she was in the throes of her last illness her one desire was to get to the home of her husband's mother there to end her days in the arms of the woman who had formed a big part of her world. The empress, a German Princess, had been in poor health for years before she died, and when it had seemed as if her life were drawing to a close she had been sent to the mountains, where she seemed to regain much lost ground. Shortly after the empress's health broke down and she, too, went to Taurand and here she died.

During this period the most beautiful of affectionate correspondence was kept up between the sick woman and her husband's mother; and after the death of the empress the bereaved and sorely stricken woman set out to make the long and tedious journey back to St. Petersburg, that she might bask in the tender sympathy of her mother-in-law and have her ministrations in her twilight hours. But fate had other plans for her, for at a little village far from home she died.

From those scant details the imagination fills in the picture of a friendship too sacred to be broken by any of the petty affairs of life and of a companionship too beautiful as it is rare. And yet this is just the sort of relationship that should exist between a woman and her husband's mother. It seems strange that two women whose affections have centered on one human being in the holiest of ties should so often at enmity. It seems almost sacrilegious to think of anything but the closest unity between two people so situated, and yet one rarely finds that fine adjustment which means so much in the family life.

If the mother and the wife of a man could more frequently meet on a common ground of concord and cordial friendship, there would soon be little left of that ancient bugaboo, the mother-in-law. Just whose fault it is is difficult to determine, but of its existence there is no doubt.

Most young women upon marrying are quite likely to resent the advice of the mother-in-law as an unwarranted interference, when in her married sphere of housemaking. Frequently it is the mother-in-law who long ago made up her mind that there was no girl in the world good enough to be her husband's mother; and after the fact, one proceeds to pick out the flaws in her character and to hold them up as positive defects when all that is needed to transform her into perfection is a little of the right sort of direction and even counseling by the older woman.

If the mothers of men could only realize—even through recollection of their own experience—the difficult position of the girl who marries and is absorbed in another family, there would be less hard feeling between daughter-in-law and mother-in-law, and more of the beautiful relationship that existed between Elizabeth of Russia and her husband's mother. There are lots of similar cases today, but there should be more.

The four prizes to be awarded are: First prize—Caloric Fireless Cooker. Second prize—\$5.00 in gold. Third prize—\$3.00. Fourth prize—\$2.00.

Any question relative to the contest should be addressed "Feature Editor, Gazette."

EDWARD EVERETT IS BORN.

April 11—Today is the birthday of Edward Everett, who has the distinction of being known as our greatest literary statesman. Born on the 11th of April, 1794, under what at that time was regarded as particularly fortunate conditions for acquiring knowledge. His people had the means to give him a Harvard education, and that was some pumpkins in those days. He graduated at 17 and was preaching as a minister in Boston at the age of 19. At 21 he was teaching Greek literature at Harvard. In 1821 he had received the front rank as an orator and writer, and it was almost entirely due to his work on the platform that the ladies of Mount Vernon association were moved to raise the money with which to purchase the old home of Washington and save it to the people as a museum for all patriots. His oratory put \$100,000 in the hands of charity.

Nothing to Take Hold Of. Billings: Silence is one of the hardest arguments to refute.

## DAILY DIET AND HEALTH HINTS

By DR. T. J. ALLEN, Food Specialist

### WHEAT MONODIET.

Wheat, soaked and simmered, with olive oil to supply the deficiency of fat in the grain, is an ideal monodiet under average conditions. Raw cereal starch imposes a tax on digestion and albumen of cereals, nuts or eggs coagulated by a temperature above 160 degrees is not readily nor fully assimilated. Wheat is nearest milk in completeness and balance of food elements and supports life indefinitely, the liver making the necessary fat from the starch. Boak twelve hours and wash the wheat well; repeat this, cover with boiling water and set in fireless cooker twelve hours. The shell of the grain, moisture and cold vessel absorb the excess of temperature before the albumen can be injured. Probably severe mental or physical work could be longer sustained on this, thoroughly masticated, twice daily, with a glass of buttermilk and a tablespoonful of olive oil at bedtime, than on any other food, presuming full appreciation and enjoyment of the food supplying the best mental conditions.

## To Women Readers

Every day more interest is evinced in the Menu contest that is being conducted this month by the Gazette. Requests for the Scrap Books come by every mail and many call at the office for them.

The attention of all contestants is again called to the fact that the twenty-one menus asked for should contain entrees that will come within the means of the moderate purse. They must be made up with an idea of utilizing the remnants left from one meal to another and not contain too many fancy dishes.

If the Gazette is not furnishing enough recipes to meet the requirements of the contestants, or those who expect to compete have some recipe of their own they wish to utilize, let them write the Feature Editor of the Gazette enclosing the recipes and they will be printed.

## The KITCHEN CABINET

"Train up a child in the way he should go, and when he is old he will not depart from it."

### Eggs.

Eggs are now becoming reasonable in price so that the frugal housewife may feel that she can use them more plentifully. They may often take the place of meat in a meal, especially for a breakfast, luncheon or supper dish.

When making angel food the yolks may be used for any number of dishes. A salad dressing, or a gold cake will use most of the yolks. Beat the yolks left from the angel cake, beat a little cream or milk and salt, then turn into a hot buttered omelet pan and stir constantly until all cooked. Serve as a supper or breakfast dish. If more cream is added the egg may be served on toast.

For a simple little luncheon dessert there is nothing daintier than a plain omelet spread with apple jelly, which has been heated in hot water to soften. Fold and cut in slices. It tastes very good and looks even prettier than it tastes.

Save the eggshells (washing the egg before breaking), and use them to settle the coffee.

### Breakfast Eggs.

Put six eggs into a vessel which will hold five pints. Pour over boiling water to fill the dish, cover closely and set on the back part of the stove or the rack to cook. Leave seven minutes for a soft cooked egg, ten for a medium cooked, fifteen for a firm and thirty for a hard cooked egg.

## Nellie Maxwell.

### Molded Salmon.

Turn a can of salmon and free the fish from skin and bone. Beat two eggs, add to the salmon with one cupful of stale bread crumbs; add salt and pepper to taste, one tablespoonful of lemon juice, one tablespoonful of finely chopped parsley. Pack in a well-buttered mold and steam two hours. Good hot or cold.

### Sweetbread Salad.

Parboil, blanch and chill one good pair of sweetbreads and cut them into small pieces. Grind fine one dozen salted almonds, six olives, one green pepper and one green pickles. Add these to the sweetbreads with the juice of a lemon, juice of one onion and a wine glass of sherry. Let stand one hour, then drain and serve in green pepper cases with mayonnaise dressing.

The invariable rule of good salad making is to have all of the ingredients ready, but not to mix the salad until the last possible moment. Of course, celery, where it is used, holds a salad up pretty well, but if dressed too long it is bound to grow wilted and unappetizing.

### Chocolate Squares.

Two eggs, one cup sugar, one-half cup melted butter, two squares melted chocolate, one-half cup sifted flour, one cup chopped walnuts, one teaspoon vanilla. Mix in order given. Spread thin in buttered cake tin. Bake in a slow oven, cut in squares while warm and remove from pan. It takes about 20 minutes to bake in gas oven. They should be fairly soft inside, not like cake when done.

### Sauce for Cottage Pudding.

A banana sauce for use with rice cups or cottage pudding is made by mixing into the pulp of half a dozen bananas three tablespoonfuls of sugar, the juice and pulp of two oranges and a half glass of apricot or pear jam. Rub through sieve and color with drop or two of carmine. Warm in double boiler and add tablespoonful of sherry before serving.

### Pressed Chicken.

Heat chicken in cup of gravy, add butter, salt and pepper. Dissolve one-half cup gelatin in cold water. Pick chicken to pieces, add gelatin and press until cold.

### Red Spots.

To the annoying red spots that now and then appear on the skin touch a drop of cologne or lavender water five or six times a day. As a rule the blemishes soon disappear.

### Duck Dilled—Welsh Recipe.

Roast the duck well, let stand a couple of hours, then simmer gently 30 to 40 minutes; add onion sauce.

### Where She Stood.

"Are you a friend of the groom's family?" asked the usher at the church wedding. "I think not," replied the lady addressed. "I'm the mother of the bride."—Yonkers Statesman.

### On an Equality.

The pride of man just about equals the vanity of woman.—Florida Times-Union.

## Fads and Fashions

New York, April 6.—The Easter displays in the fashionable shops are attracting thousands of women and among them are dressmakers from all parts of the country, who have come to New York to make a careful study of spring and summer styles, as projected in the latest models. The displays are well worth seeing and are not only pleasing to the eye, but highly instructive.

Not in many years have good fashions been used so freely as they are this season and never within memory have the lace departments of the different fashion shops made so superb a showing of real laces, old and new, and of lace imitations. The fashions are particularly popular, and stunning designs are offered in the hand darned fields, some of them priced at fifteen dollars for the average shopper, but others less elaborate quite moderate as ever and so is Irish, white Mechlin, Alencon, Chantilly and all the fine laces are equally popular for their appropriate purposes. A creamy or yellowed tone suggesting the mellow tint of the old laces is preferred even in the new lace and one sees much less of the pure white Irish and other white laces than in former years. The same is true of the batiste and linen embroideries, and the softened tone is infinitely more becoming than the white. It harmonizes more delightfully with everything save pure white lingerie materials, and a new lace is prominent this season, and to be used on all kinds of material, the yellowed lace is eminently desirable.

It is by no means an unusual thing to find four or five kinds of lace introduced upon one of the imported French models, and admirable results are obtained in this way, while the combination of a very bold, heavy lace, such as filet, Venetian or Irish, with a lace is almost inevitable whenever lace enters largely into a frock or coat. Beautiful unlined coats of lace, long, clinging and exceedingly graceful of line, are shown by almost every importer and in many the Empire line is recognized by some short bolero-like or deep yoke effect worked out in heavy lace, while the soft lengths below are of the lace, through which the outline of the clinging frock shows vaguely.

Coats of the same general character in embroidered chiffon or tulle are numerous and are, like the lace coats, often an integral part of a costume, being worn rather as a tunic, than as a coat over a simple short waisted frock of beautiful lines. The coats of one kind and another are really fascinating this spring. They run the gamut from the shortest and most whimsical of boleros to the full length redingote and there is extraordinary variety in their lines.

These coats are fashioned of all sorts of materials and worn for all sorts of occasions. Many of the small coats have an air distinctly youthful, but largely to the low necks and collars, but there are plenty of models from the best houses showing a genuine and high collar, and which are developed along the lines that are effective without being too youthful in effect. The collar of plain chiffon in white or flesh color is frequently used and the plain line net or fine fancy net is greatly liked. Occasionally one sees a heavy lace guimpe in a model coming from a prominent house and a guimpe of plain sheer chiffon with a line or two of colored stitching holding the narrow hem at the high, close collar top, and perhaps repeated around the bottom of the collar, is used for some unusually pretty French models in voile, chiffon, foulard, etc.

The French makers have done wonderful things with scraps and odds and ends, and wonderful things too with skirt drapery, many of the latest models in every soft material having intricate and graceful skirt drapery instead of the straight Empire lines or the straight simple tunic or flared lines which have been so generally exploited during the winter. There are still plenty of the latter, though the latter or better idea in its entirety has passed, but the most beautiful of the skirt models are the draped ones. Naturally, the worst fashions too are in this field; for there is no other thing in dressmaking which so positively demands artistic inspiration as does drapery, and no budding hand can triumph in this regard.

The plain clinging skirt, opened at sides or front to show a petticoat or pantaloons, is still much used, but many fashion authorities doubt that the pantaloons idea will ever become generally popular with the women in this country. The effect of this style of skirts is more bold than artistic, more commonplace than beautiful or becoming.

Speaking of the latest innovations in fashions a prominent designer of women's apparel in Paris said the other day, that Paris women are trying to persuade themselves that they are weary of the Grecian empire mode and that they would change it in the first favorable opportunity. "There is undoubtedly truth in what he said," because every woman in Paris loves novelty and delights above all in changing the style of her gowns. At the same time she understands better than most women the kind of garment which is most becoming to her. For that reason it is quite possible that the Parisiennes will not be too eager to make a change from the present style, which is so extremely becoming to a large majority of them.

The woman who bought a book to keep the book agent from knowing she wasn't literary is the wife of the man who ordered an auto to keep people from knowing he couldn't afford to purchase one.—Puck.

Convenient Stand Has Been Placed on Market That Will Meet Popular Favor.

A support or stand for potatoes while baking has been placed on the market. It consists of a tin 15 inches long by 2½ inches wide, with sides turned so as to raise the body up from the oven, thus permitting a free circulation of heat. Spurs, formed

by cutting out sections on the top of the tin, make supports for the potatoes. In this position they are exposed to an even heat on all sides.—Popular Mechanics.

## VIRGINIA CHICKEN SALAD

Correct Recipe for Dish That is Popular at Christmas and on Special Occasions.

Here is the correct recipe for the Genuine Virginia chicken salad. It is served at Christmas and on other special occasions. For making the dressing for this salad the chicken oil, skinned from the water in which the chickens are boiled, is used in place of the olive oil. The chickens, which must be plump, are simmered tender in lightly salted water. When cold the skin and bones are removed and the meat cut, not chopped, into small bits. Mix with double the quantity of celery cut from tender, well-bleached stalks that have been crisped in ice water, then dried in a clean towel, minced and added to the mixture, which is then dressed with a good salad dressing, preferably mayonnaise, and set on the ice to chill and ripen.

## NEWBRO'S HERPICIDE

Saves Worry, Saves Money, Saves the Hair.

If you want to free your head of dandruff and stop falling hair, you must sooner or later resort to Newbro's Herpicide.

By using Herpicide first you save yourself worry, which is desirable, you save money, which is a consideration, and you save your hair, which is the most important of all.

Why not profit by the experience of Mrs. S. A. Lee, of 119 South 4th St., Richmond, Va., who writes:

"Four years' residence in India ruined my hair until it was but two inches long and very thin. I tried everything in Europe and America without benefit until I was induced to use Herpicide. My hair is now long, soft and silky and natural color, while before it was quite gray. My friends never tire of admiring my hair."

Mrs. Lee's story is a typical history of hair troubles. After everything else fails Newbro's Herpicide brings relief. It would be just as effective if used first.

Newbro's Herpicide kills the dandruff germ and prevents falling hair. It stops itching of the scalp almost instantly. No matter what the claims of others, Herpicide is the only genuine original dandruff germ destroyer. One dollar size bottles guaranteed. Sold by all druggists. Applications at good barber shops.

Send 10c for sample bottle to The Herpicide Co., Dept. R, Detroit, Mich. J. P. Baker, Special Agent.

## COUGHS THAT HURT

It isn't the ordinary cough resulting from a slight cold settling on the lungs that is most to be feared—it is the dry, hacking cough that hangs on for months without any apparent cause. A chronic irritation is set up in the bronchial tubes and this may involve the lungs.

When you are in good physical condition, with plenty of pure blood, no cough can get much of a hold. Vinol is the common sense treatment for coughs of all kinds because it builds up the body, makes pure, rich blood and strengthens the nervous system. Miss Anna Ray of Bangor, Me., says Vinol cured her of a terrible cough that had lasted for five years. We know of some other very stubborn coughs that Vinol has cured and we are so sure of the value of this delicious cod liver and iron tonic of ours that we refund the money to any customer who is not well pleased with its effects.

## THEATER

"Daniel Boone on the Trail" Coming. The spectacular pioneer production, "Daniel Boone on the Trail" comes to the Myers Theatre Saturday, April 15, matinee and evening. Daniel brings with him all the requirements necessary to properly give a reproduction of his earlier days, when a man had to fight the savage Indians by day and the hungry wild animals by night. The tribe of real Sioux Indians from the great west are worked into the many exciting scenes of the famous drama. A den of bears; a pack of

SCENE IN "THE HOUSE NEXT DOOR" AT THE MYERS THEATRE, MONDAY EVENING 6, APRIL 17th.

Siberian wolves and a number of large St. Bernard dogs are also used in this thrilling romance. Boone has proven one of the record breaking attractions of the season. It is a play that the old want to see. It has that material that attracts strongly to the younger Americans. The last act of this excellent drama shows the surrender of Cornwallis and Washington's message to Boone. After seeing the production of Daniel Boone, one can safely say it was real. The story is true, the wild animals are real, the Indians are real. The only one missing is Boone though dead his memory still lives and at Frankfort, Ky., a monument now stands overlooking the famous Kentucky River, where Boone more than once came near giving his life.

**End of Famous Old-Playhouse.**  
New York, April 11.—The old Theatre on the Bowery, the oldest and at one time the most famous playhouse in New York, was put up for sale at public auction today to wind up the William Kremer estate, owners of the property. The Theatre was erected in 1862 and was christened the Old Bowery Theatre. The structure was practically destroyed by fire four times and each time it was rebuilt and opened within ninety days. It was the first theatre in the world to be lighted by gas. The house was the scene of Edwin Forrest's first appearance as a tragedian, in 1826; of Malibran's last appearance in America, in 1827; of Charlotte Cushman's debut in Lady Macbeth, in 1838, and of the first production of "London Assurance," in 1812. In 1879 the building

## When You Think of EASTER Think of The BIG STORE

Never before has our Ready-to-Wear Section been more completely or more attractively stocked than at this very time.

### Suits for Easter Wear

This season's styles we believe to be the prettiest brought out for a number of years. The straight line effects are stunning. The colors are light tans, grays, and new mixtures, as well as the staple blues and blacks. The large collar and long roll lapels are striking features of the spring showings.

Women who prefer the extreme cut in styles will find them here, as well as those who favor the more conservative styles and colors.

New cream serges, new black and white novelties, in English fabrics and mixtures, are the vogue. See them at The Big Store.

**The showing is complete. Price range is very comprehensive.**

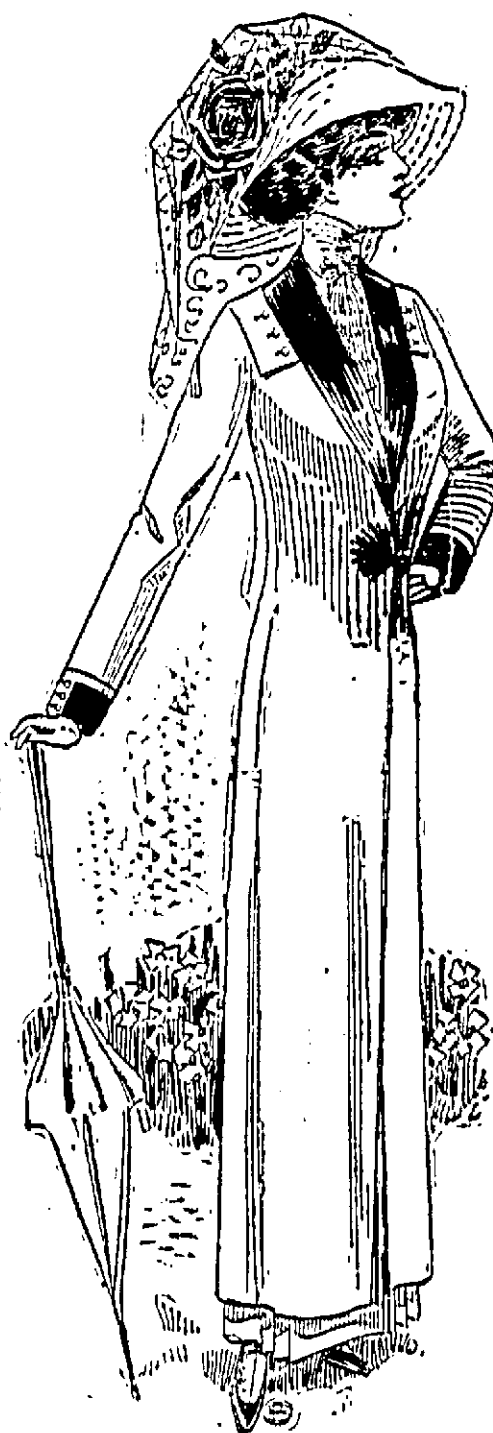

### COAT SELLING IS VERY BRISK

If you plan a new Coat for Easter you will surely want to see the countless styles shown here. You know that "We Keep the Quality Up," that every garment must measure up to our high standard before we accept it. Styles in coats come from the leading style centers, New York, Philadelphia, Cleveland and Chicago. The fashions of these cities vary a little, but our outlet is so large that we can buy from all and then not have enough.

Black Satin Coats are very strong. A novelty that is hard to get, is the black satin, wool backed. This makes a charming, dressy coat that at the same time is comfortable. Black and white even stripes are popular, the stripes being of even width and about a sixteenth of an inch wide. Cream serges are good, the new English suitings are handsome, fancy plaids set with touches of colors are striking, and the plain shades also come in for much favorable comment. The long roll lapels, the tailored sailor collars, and the shawl collar are good. Coats button with one, two and three large buttons, a few set slightly to side.

Straight line styles, semi-fitting, and Empire prevail.

Silk Coats are always comfortable and very nice for auto or for travel. They range in price from \$12.00 to \$15.00. All sizes, new styles.

## Gowns and Dresses for Easter

In Costumes for the coming season we are showing an extensive variety of styles, each portraying distinction, beauty and high quality in every line. Fashionable Foulards, beautiful soft Taffetas, gauzy Chiffons, handsome Surah Silks, Marquisettes and dainty Lingeries. Also Paris inspired models, fashioned on the straighter, narrower lines. Many pleasing variations of the peasant blouse; kimono sleeves and collarless effects are shown.

## Apparel for Juniors, Misses and Children

In this section of our Apparel Section The Big Store stands alone. It offers probably the only complete lines, in the newest styles, for all ages, to be seen in Rock county.
